

Programming Background

About you

Q01: Inform your age: _____

Q02: Semester attending college (if doing so): _____

Q03: Gender: () masculine () feminine () I prefer not to answer

Q04: Name of course (if enrolled): _____

Q05: Do you have any visual impairments? () no () yes (What kind: _____)

Programming language experience

Q06: How much do you consider yourself experienced in the languages below?

C language:

very inexperienced () inexperienced () mediocre () experienced () very experienced ()

C ++ Language:

very inexperienced () inexperienced () mediocre () experienced () very experienced ()

Java language:

very inexperienced () inexperienced () mediocre () experienced () very experienced ()

Q07: How long have you programmed using the C programming language?

() Never (Stop filling out this form)

() During (or less than) 1 month

() Between 1 and 6 months

() Between 6 and 12 months

() Between 1 and 3 years

() More than 3 years

Q08: Have you ever worked for a company using C programming language?

() Yes

() Not

Experience with preprocessors

Q09: Have you ever heard about preprocessors (eg. cpp) also known as conditional compilation? (Use of preprocessor directives, such as #ifdef and #endif)

() Yes

() No (Skip to Q12)

Q10: Have you already programmed using preprocessors?

() Yes

() No (Skip to Q12)

Q11: How long have you programmed using preprocessors?

() During (or less than) 1 month

() Between 1 and 6 months

() Between 6 and 12 months

() Between 1 and 3 years

() More than 3 years

Q12: Could you please inform your (institutional) email for further contact (if necessary)?
